

MR SINGH'S WEEKLY MESSAGE

Dear Parents and Carers,

I hope this message finds you well. I wanted to take a moment to celebrate the hard work and effort that our children have been putting into their learning. It is truly inspiring to see their dedication and enthusiasm each day, whether it's in the classroom or through extracurricular activities.

I would also like to remind everyone of the importance of arriving at school on time and maintaining regular attendance. Consistent attendance plays a key role in ensuring that children continue to make progress and stay engaged with their learning. Being present and punctual not only sets them up for success, but it also fosters a sense of responsibility and commitment.

Speaking of engagement, I'm sure many of you heard about our exciting participation in British Science Week! The children were absolutely thrilled to take part in a range of hands-on workshops, exploring various scientific concepts in such an engaging and fun way. It was fantastic to see their curiosity sparked, and they thoroughly enjoyed the interactive activities that helped them deepen their understanding of science.

Some photos are below!

Thank you once again for your continued support. We are so proud of all that the children have accomplished, and we look forward to all the wonderful things ahead!

Mr Singh

PLEASE SEE BELOW FOR KEY MESSAGES
BRITISH SCIENCE WEEK

This British Science Week has been an exciting and inspiring time for our students! The whole school had the fantastic opportunity to take part in a workshop led by the Science Circus, where children were amazed by a range of hands-on experiments and demonstrations. Each class also carried out their own experiments, focusing on the fascinating world of materials and animals. The students explored how different materials change under various conditions and learned how animals adapt to their environments for survival. It has been wonderful to see the children's curiosity and enthusiasm grow as they made their own discoveries and worked together to solve problems. British Science Week has truly sparked a love for science, and we can't wait to see how our young scientists continue to explore the world around them!

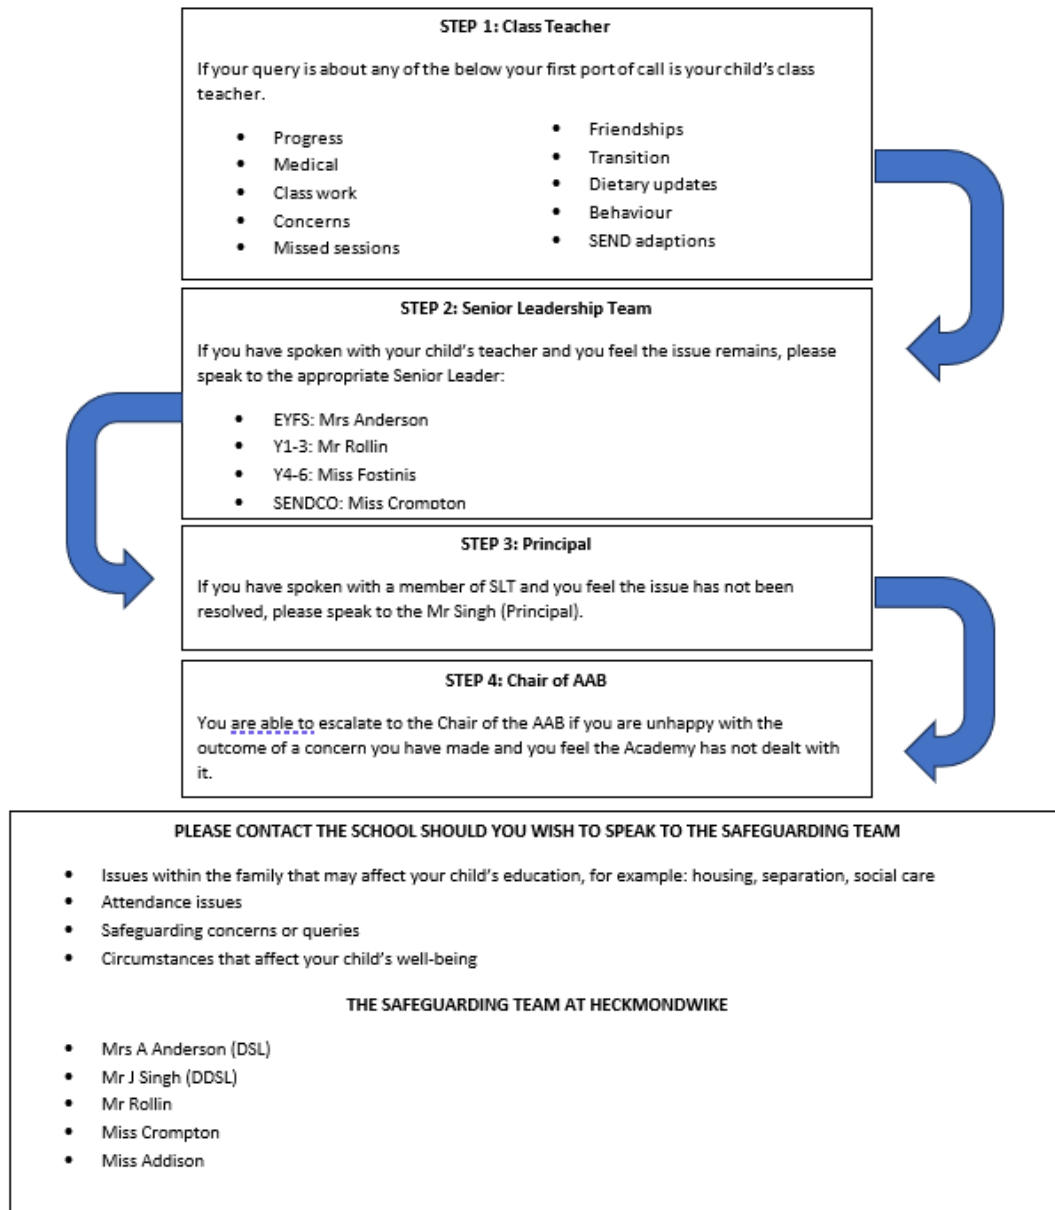

COMMUNICATION POLICY

Parent-School Communication

Should you have any queries or would like to speak to a member of staff regarding anything – please follow the guidance below – this will ensure your queries are dealt with in a timely and effective manner.

PLEASE KINDLY NOTE THE OFFICE WILL ONLY BE ABLE TO ASSIST WITH:

- Reporting absence (this should be done at the earliest point possible)
- Change of personal details (such as address, phone numbers, passwords)
- Queries regarding online payment systems
- Reprint of any hard copies of correspondence
- Special leave form
